Experience

UX Design Intern
Trees.app

Jan 2023 - current | Remote

- Participated in design sprint to ideate, wireframe, and prototype recommendation mechanics for machine learning-based student productivity app
- Conducted quantitative & qualitative research through competitive analysis, surveys, and user interviews

UX/Graphic Designer
Packed

November 2022 - current | La Jolla, CA

- Created graphics, marketing collateral, and site/app screens weekly using Figma and Adobe Creative Suite for student-created sustainable food delivery startup
- Collaborated with marketing to ideate and enforce visual rebranding guidelines across all user-facing material for hard launch to over 40,000 students

UI Designer
UCSD Circle K Tech Team

September 2021 - March 2022 | La Jolla, CA

- Revitalized original UCSD Circle K desktop and mobile website using Figma in teams of 2-3 UI Designers
- Enhanced user-experience and accessibility of website by applying user research insights and analyzing effects of color, shape, and typography

Lead Marketing & Graphic Design Assistant
UCSD Campus Performance and Events Office

January 2022 - current | La Jolla, CA

- Produced graphic/video digital and print collateral to promote large-scale events and artists for Associated Students Concerts and Events, ArtPower, and Epstein Family Amphitheater
- Directed and mentored teams while delegating design and research tasks and formulating marketing strategies to reach over 40,000 UCSD students, alumni, and the greater San Diego area
